Philosophy Of Care

Enhanced Assisted Living

Vision

To provide the highest standard of care while protecting, cherishing, and dignifying the knowledge, value, and joy of our respected residents.

Mission

Heritage Senior Living is committed to:

- Providing our residents with opportunities to maintain independence and individuality by creating choice and maintaining dignity.
- Providing our families with the peace of mind that they have made a loving decision by sharing their family member with us.
- Fostering our staffs' self worth, turning challenges into opportunities, and show that by living purposefully every day they play a critical role in making the world a better place.

Philosophy Of Care

We're collectively committed to the following five principles which serve as guidelines for all our programs and relationships.

Independence

Our programs emphasize self-reliance within a supportive environment which enhances the residents' quality of life and helps them to feel good about themselves.

Individuality

We customize our care programs to reflect the interests, abilities and preferences of each individual resident because each of us experiences the aging process differently.

Privacy

Residents maintain and decorate their own apartment with personal belongings. Apartment and mail keys are issued if requested, yet staff will always knock before entering.

Choice

Residents are encouraged to continue to make their own decisions. Our programs and care plans are designed to honor individual preferences by providing plenty of variety from entrée choices to the daily scheduling of care and activities.

Dignity

Our staff is committed to assisting residents in their personal needs such as bathing, dressing and toileting in a manner that is always sensitive to the resident's dignity.
