

# Heritage Senior Living Opens New Community in Lake Country

Submitted by Heritage Senior Living

**M**ore than 1,500 Wisconsin residents call a Heritage Senior Living community home because of the comfort, care and convenience that have become hallmarks of the Heritage name. With the opening of Heritage Lake Country on March 30, 2017, local seniors will also have the opportunity to experience the Heritage difference.

Located at 2975 Village Square Drive in Hartland, Heritage Senior Living Lake Country offers 45 independent living apartments, 16 assisted living apartments, 27 enhanced assisted living apartments and 36 memory care suites in a welcoming, caring and vibrant community. Heritage Lake Country's 60 highly-trained caregivers and staff strive to enhance each resident's quality of life by customizing care programs to reflect the interests, abilities and preferences of each individual.

Headquartered in West Allis, Wisconsin, Heritage Senior Living was founded in 2000 by Milo Pinkerton, to provide residents with the highest quality of care possible, while at the same time promoting independence and maintaining dignity. Milo's focus on senior living communities was partially driven by his own parents' need for additional care. Both of his parents were proud residents of Heritage Monona, a community outside of Madison.

## Convenient, Contemporary Amenities

Each Heritage Lake Country apartment home features high-quality cabinetry, stainless steel appliances, granite countertops and other luxury finishes that provide a modern yet comfortable ambiance.

The 125,000-square-foot community also features contemporary amenities, including: three dining rooms, as well as a relaxing library, private dining room, movie theater, a fitness center and therapy pool, beauty/barber shop, a pub with a pool table, and bistro.

A high-quality culinary program, focused on providing nutritious and delicious meals for residents, their families and guests, is a trademark of every Heritage community. Heritage Lake Country's trained chef

prepares themed lunches and dinners, giving a special twist to local favorites, such as Friday Fish Fries and hamburgers/brats for football games. Each meal is cooked from scratch by the culinary team, and features fresh fruits and vegetables, homemade soup, salad and fresh-baked bread, and individualized selection and menu planning for each resident. It is not uncommon to see the head chef having a table-side visit during a meal to ensure residents' preferences and unique tastes are met.

### Levels of Care – Independent Living, Assisted Living and Memory Care

Many of Heritage Lake Country's 45 independent living apartments are already leased. Residents in these apartment homes enjoy elegant, spacious living areas, along with a wide array of services and amenities, such as fitness and social clubs, weekly religious services, and regular outings.

Heritage Lake Country's 43 assisted and enhanced living apartments offer a unique blend of comfort, care and recreational opportunities, as well as advanced wellness programs that emphasize close coordination with each resident's physician. Residents can also take advantage of massage and spa services, aromatherapy, and yoga classes on-site.

Heritage Senior Living's memory care services provide residents with Alzheimer's and dementia special activities that build and maintain cognitive strength. The Lake Country memory care community offers a multi-sensory "Snoezelen Room" to help residents reconnect with their environment using light, sound and music, touch, and scent to initiate sensory stimulations in the brain that help reduce anxiety. In addition, Heritage Senior Living's unique music program, "A Measure in Time," provides residents with a personalized music playlist to stimulate meaningful recall of fond memories and create opportunities for expression.

Each of Heritage Senior Living's 15 communities throughout the state offer several levels of care so that residents can embrace life's journey from the comfort and convenience of one location that meets all of their physical, mental and emotional needs.

No matter what level of care is needed, Heritage Senior Living provides a caring, warm environment for living life to the fullest. If interested in a tour of Heritage Lake Country, call 262-367-2975 or visit [www.heritagesenior.com](http://www.heritagesenior.com) for more information.
