EXECUTIVE DIRECTOR NAMED FOR SOON-TO-OPEN HERITAGE MUSKEGO

State-of-the-art senior living community set to open in October of 2018

WEST ALLIS, WISCONSIN (October 3, 2018) – Wisconsin-based Heritage Senior Living, announced today that it has appointed Leslie Hyland as Executive Director of its newly constructed and soon-to-open senior living community located S64W13780 Janesville Road in Muskego. Hyland has been with the organization since 2017 and was previously the Executive Director of Aspire Senior Living, another Heritage property located in Kimberly, Wisconsin. The new assisted living community will feature state-of-the-art technology such as wall-mounted screens in the hallways to track and monitor patient care and an innovative medication management system to enhance medication safety.

Hyland has over 15 years of experience in the senior living profession and holds a bachelor's degree from the University of Wisconsin-Green Bay in Interdisciplinary Studies-Integrated Leadership. She has managed other new senior living communities and is excited to welcome residents to their new homes. "I look forward to bringing the Heritage brand of personalized care and premium amenities to seniors in the Muskego area and surrounding communities. Creating long-term relationships with the residents is very important to me, and our team will strive to exceed their expectations in care, hospitality, cuisine and more every day," explains Hyland.

"I'm pleased to have Leslie leading the operations at our newest and most advanced facility yet. With her attention to detail, residents will receive personalized care from compassionate caregivers in a premier environment," said Pierre Verger, chief operating officer at Heritage Senior Living, Wisconsin's largest senior living operator.

Opening in October of 2018, Heritage Muskego is an elegant 108-unit community on Janesville Road. It offers independent living, assisted living, enhanced assisted living, and memory care, allowing residents to age in place as their health care needs change. Heritage Muskego features high-quality cabinetry, natural stone and wood finishes, stainless steel appliances, granite counter tops, large windows, walk-in showers, heated floors and other luxury touches. An expansive fireplace will greet residents and visitors when they enter the main lobby area and a beautiful patio with pergola will encourage guests to gather and spend time outdoors during the warmer months. Beyond the aesthetics, Heritage Muskego offers quality care and services utilizing a multidisciplinary care team that partners with local providers like physical and speech therapists to provide holistic care on-site and allowing residents to receive the care they need in the comfort of their own community.

Heritage Muskego brings together the best of hospitality and amenities to residents and their families. Creating a great work environment for staff was important as well and employee areas including a staff dining room and break/game room with large TVs for relaxation were included in the community design. Employee locker rooms, ergonomic seating, and workplace hubs configured to encourage collaboration while making supervision easier and increasing safety for employees were also incorporated.

About Heritage Senior Living

Headquartered in West Allis, Wisconsin, [Heritage Senior Living](#) was founded in 2000 by Milo Pinkerton to provide residents with the highest quality of care possible, while at the same time promoting independence and maintaining dignity. Heritage Senior Living is the largest senior living operator based in Wisconsin, and with the opening in Muskego will have 16 senior living communities throughout the state that are home to more than 2,000 seniors. Most Heritage Senior Living communities offer several levels of care, from independent living and assisted to enhanced assisted living and memory care, so that residents can embrace life's journey from the comfort and convenience of one location that meets all of their physical, mental and emotional needs.
